

COMMUNITY LEARNING PROJECT MASTERPLAN

Camberwell High School

SSL Term 3, 2023

Anything violence can do, peace can do better.

Don Valley Campus

School for Student Leadership

Our School

We go to Camberwell High which is located in the suburb of Canterbury in Melbourne. Canterbury is east of the city and about 20 minutes away from the CBD. We have approximately 1200 students and we are 1 of 24 high schools in Boroondara. Our school was built in 1941 and frequently undergoes renovations. We are a very diverse government-based school and Camberwell is under full support of the students. The environment is extremely supportive and although there is such a large number of students, each and every one plays a part in connecting our community. Camberwell provides many opportunities to their students including the SSL program in which we are more than grateful for the blessing of being apart of. The Camberwell students are choosing to spend their time here raising awareness for and doing what they can for what they believe is one of the most important topics under their ability of influence. We hope that our project will bring a positive influence into our community and we strive to do everything in our power to support our cause.

Learning to be considerate of others

100A Prospect Hill Rd, Canterbury VIC 3126

Lily Carvalho

I live in Camberwell and attend Camberwell High School, where I am a year 9 student. Some of my hobbies are playing netball, basketball and going skiing. I believe in and support our CLP project because I feel as though it is an issue that should be talked about more. I think that our project will help to spread awareness within our school community and raise valuable funds for charities supporting domestic violence victims.

Ellen Gee

Hi I'm Ellen and I'm in year 9 and I go to CHS. Some of my favourite things are hanging out with friends and family, playing netball and being outside. I love that our group has chosen domestic violence awareness because I know it is such an important issue in our community. I hope that we achieve our goal of creating a space of peace and help support those at the moment in suffering.

Cale Hemmersbach

Hi I'm Cale and I am a year nine student that attends CHS. A bit about me is that I have twelve pets and I love sports particularly basketball. My family was all a victim of family violence and I understand how crucial this topic is. I hope that this project can impact our community and make a better awareness.

Jack Kelso

Hi I'm Jack I'm in year 9 and I go to CHS. My favourite things are going out with friends, going to the gym with my mates and playing video games. I think that our topic of domestic violence is a super important to raise

awareness. If we are able to reach our goal of raising awareness for those whom suffer from family violence it would help support people that suffer.

Sasha Stevens

Hey, my names Sasha and I am 15 years old. I attend Camberwell High School as a year 9 student and I was lucky enough to be offerd the opportunity so attend SSL as a 2023 Term 3 student. I have full belief in our project and our cause and I wish to achieve our goal of awareness and safety to the best of our ability. Hopefully our project is a step towards a safer community and helps bring peace.

Hudson Atkins

Hi I'm Hudson, a year 9 student at Camberwell High School. Some of my hobbies are playing lacrosse, hanging out with mates and going out in nature. I fully support our Community Learning Project being on domestic violence as I believe it's a very serious topic and needs to be acknowledged more. I hope to create a very meaningful and successful event.

Project Overview

Rationale

We are doing our project on Domestic Violence. Our aim is to raise money and awareness for families affected by it. We want to have a fun and engaging day to help raise interest and concern about the topic. We chose this topic because we want to gain support for domestic violence victims through awareness in the school community and donations from our fundraisers.

Vison

Our aim is for our project to happen throughout one day. During the day, we will run activities to raise money for the charity we are donating to and to fund our night festival. At our night festival, the whole school community will be invited and we will have a fun and informative night about domestic violence and how everyone can contribute to helping the people affected by it.

Summary

At school, we are going to have a free dress day with a gold coin donation. The free dress will incorporate a touch of purple to represent domestic violence. We are also doing a sausage sizzle to raise more money. During one period, everyone is going to decorate jam jars for the festival we are having that night. We are using purple materials to decorate them. Then that night, we will put tealight candles inside them.

After school, we are going to have a night festival. In this festival, we will do a number of things to help raise awareness and money. The first thing is having tealight candles in purple jars which we will sell for around \$2.50 each. Then, everyone that has one can light it and place it on the concrete steps as recognition for people that are impacted by domestic violence. We will hopefully have Phil Cleary, who is a retired football player and politician, come as a guest speaker. We will also provide food and drinks that can be bought and the profits will be donated to the White Ribbon Foundation. If possible, a band might be able to come in and play, but if not, we can use a speaker for music.

Budget & Resources

The facilities required for our program have been provided generously by our school.

In order to fund our project, we wish to gain a grant from our higher positioned staff throughout Camberwell High, including our acting principal Emmanuel Skoutas and our liaison teachers Rebecca Renda and Gabrielle Doherty.

We have also been fortunate enough to be provided with a fund which we will insure is used in the most effective, efficient and responsible ways possible.

In order to operate our project, the materials needed will be sourced by not only our school, but also through our budget in which we will be purchasing and hunting down the required goods.
