## Prepare

- 3 ·To prepare our event we would have to have everything ready to go on the day of the event.

## Do

- Set up all equipment ready to go when the event is live.
- Have all food ready to be eaten before people are there.
- Donate all proceeds to foodbank.
- Thank everyone for contributing and donating to the foodbank

# PROJECT OVERVIEW

## VISION

---

For our CLP we will be setting up a sausage sizzle, with soft drinks, it will be taking place at our school campus. We will be raising money we make to donate to the Gisborne Food bank and as well as spreading awareness to the millions of people who struggle with starvation. Our vision is to help those in need and that are struggling with providing for themselves and likely relatives, with the daily need of food. Our main goal and reason for the fundraiser is to fight the hunger peers feel everyday by donating money that will be sent to the food bank they will provide quality food to people in need and also because less fortunate people struggle with receiving daily needs so we want to do our part and donate. Hardships are faced through people every day and their inability to support their families and themselves, for many reasons one being the large amount of increase in poverty. We will also succeed in this with the lovely help of our sponsorships from IGA, Coles and Food Works. We truly believe our CLP will work, and that it will open the eyes of people in the younger category.
