**MILL PARK**  
SECONDARY COLLEGE

# Acknowledgement of Country

We would like to acknowledge and respect the Wurundjeri people and the traditional custodians of the land we live, learn and grow on and we pay our respects to elders past, present and emerging.

## Introduction

We are Rhianne, Arya, and Tarni, proudly representing Mill Park Secondary College. Together, we are eager to embark on an incredible journey of personal growth and development through our roles as student leaders.

At SSL, our main goal is to cultivate and strengthen our leadership skills. We highly value the opportunity to learn from our experiences, peers, and educators, as we believe leadership is a continuous journey that requires constant growth. We come from Mill park, a very suburban area in north east Victoria, It's a diverse and multicultural community and densely populated. Our school is located at 25 Moorhead Dr, Mill Park VIC 3082. Mill Park's motto is 'Create your future'

# Project overview

## **How did the idea of the project come about and why did we choose it?**

Our CLP project was formed after we all realised the horrible states or the limited resources of the animal shelters and pounds in Victoria. It is crucial that we do this because over 200,000 animals are euthanized in Australia every year due to the lack of good homes. Many animal shelters are overcrowded as well and animals are locked into cages for months or years on end giving them a range of mental and health problems.

## **What is our project and who will it benefit?**

This project will benefit the many animals who are suffering in the shelters and pounds and by helping raise awareness this project will also benefit the community as a whole. Our project is titled “Funds for Furry Friends”. Through this project name we will run fundraiser events such as a bake sale and free dress days at our school to help raise money as well as volunteering at our local animal shelter.

## **What are our aspirations for this project?**

We hope that when this project is complete we would have hope to raised awareness about the conditions of the animals shelters and have raised money so that they can provide and facilitate better environments for the animals in there.

# Meet the team

## Rhianne

My name is Rhianne and I am 15 years old. My family consists of my mum, dad, my younger sister Jaelynn, older sister Valerie and my 8 pets (two birds, one dog, five rabbits) I live in a suburb called Mill Park which is roughly 45 minutes away from the city. I came to SSL to learn how to become a better person and leader while also making lifelong friends and experience this once in a lifetime opportunity.

## Arya

My name is Arya, and I'm a 14-year-old student with a love for tennis and reading. I come from a loving family of my mum, dad and three siblings, two older and one younger. I come from a very suburban area called Epping. I joined the school for student leadership as it provided a unique opportunity for me to grow and expand my confidence. Through my journey, I hope to not only develop my leadership skills but also inspire and empower others to reach their full potential.

## Tarni

Hi, I'm Tarni. I'm 15 years old and I live in Epping. I live with my mum dad, older sister, younger sister and younger brother. I love sport, music, art and anything that involves being outdoors. I decided to attend SSL to work on my confidence and socializing skills as well as learn how to become a leader. Since being here I've made many friends and some great memories. Our Community Learning Project is about raising awareness and supporting animals who need help.

# Action Plan

## Completed:

- Come up with an Idea
- Started to make a plan
- Contacted our school
- Contacted Mill Park Heights
- Contacted Maneki Neko (cat rescue) to volunteer there

## To Complete:

- Finalize Plan
- Fill in Mr Lewis
- Organise Out of Dress Day at both Campuses
- Organise Out of Dress Day at Mill Park Heights
- Confirm Volunteer Work

# Resources

Budget: \$150

For our CLP we will be using the school grounds and the school equipment. The school will also be funding all the costs for the ingredients needed to make the cookies. We will also ask other students from school to help us make the cookies so we can get more members of the community involved in the project.
